

How can we follow in Mary Sumner's footsteps?

Pray about how you can try to follow
in Mary Sumner's footsteps—
individually and in the branch

Work with your local clergy to
identify family needs in your area
and consider what Mothers' Union
can do to respond

Get a group together to consider
alternative styles and formats for
members to meet together

Contact your diocesan team for help
with any ideas you may have to go
out in Mary Sumner's footsteps

Put articles in your parish
newsletter or on the parish website
about the work of Mothers' Union
in Britain & Ireland and
worldwide—or put together a
Footsteps display

Hold an open meeting to tell your
local church/community about what
Mothers' Union does in your area/
diocese and how they could get
involved

Devote at least one meeting a
year to look at current social issues
affecting families

Have a branch discussion about the
issues you think Mary Sumner
would want to respond to today

Think about how you can develop a
regular pattern of prayer support for
all families in your parish
